Fluoridation Issue Provides Spark For Town Election

Next Monday is the day of deci-
sion.
Candidates for Selectman and
School Committee, and those in-

terested in the fate of fluoridation,
are building their campaigns to a
peak late this week, attempting to
influence the voters who will cast

their ballots March 6.

The polling places will be open
from 7-7, and most observers an-
ticipate the counting can be com-

pleted by late evening.

At that time, one of the strangest
political campaigns in recent years
will be concluded.

There has been little apparent
interest in the campaign - yet it is
anticipated that as many as 6,000
of the town's 9,855 voters may turn
out. Many will undoubtedly get out
to vote on the fluoridation issue,
which has become the liveliest issue
of the campaign.

In the candidates' contests, there

are mighty few predictions.

Sidney P. White, a long-time
member of the town government is
trying to unseat one of the two
Selectmen, James D. Wilson and
Philip K. Allen.

Refuse Permission Recreation Group

The Andover Recreation Council has been refused permission to use the high school for its adult class.

The Council has been using the facilities of the Junior High on Thursday evenings, and may continue to do so.

The matter came to a head at a school committee meeting, when a letter requesting use of the high school was received from President Theodore Burr.

Supt. Edward I. Erickson told the school board that such a step would mean heating the entire building, and that he believes this is not a logical thing to do. He suggested that the subject can be examined next fall, prior to the beginning of another year.

The Council believed the newer facilities at the Shawsheen rd. station would be beneficial to the program; and the letter noted that this is a case of some taxpayers' money being used to help pay the school, wanting to use it for other activities would be better spent, it was felt, if the more modern facilities were available, that many older persons would find it easier than climbing three flights of stairs at the Junior High.

Supt. Erickson explained that Junior High is heated Thursdays anyway, and said there seems to be ample room at that station for the Council's program. Though the cost of opening the high school for the group wasn't estimated to the penny, Mr. Erickson said it probably would be about \$40 for each evening.

The Board concurred in his decision, and agreed that the request would receive consideration if presented again next fall.

Ask To Have

Hockey Recognized

The recognition of hockey as at least a minor sport in the senior and junior high schools has been requested by a group of residents.

The School Committee, after discussing the project with the parents, and with Supt. of Schools Edward I. Erickson, has decided to receive reports from the principals of the schools, and from Donald D. Dunn, director of athletics in the system.

The parents have suggested that a minimum program, that might be started next November, could cost as little as \$700.

One of the big factors, they related, is the offer of free ice time at the Phillips Academy rink—some three hours of time weekly would ordinarily cost about \$1,000, they agreed.

Spokesmen for the parents were John N. Cole, Dr. Joseph Gurry, and Stephen Whitney.

They told the Committee that Ted Harrison at the Academy has been instrumental in organizing and continuing a Pee Wee Hockey League but that boys entering junior high become ineligible due to age.

Efforts to start hockey as a sport are being made, they continued, so that the boys can continue their interest in the game. At present, some 15 junior high students are unofficially playing, with donations having been received in sufficient amounts to pay for insurance and a small amount of equipment. Transportation has been handled by the parents.

One of the advantages of recognizing hockey would be the lower insurance rates, under the school's program. It would also be possible to provide some equipment, although the boys would be expected to supply most of this.

The School Committee also heard a brief discussion of the possible benefits to be derived by students

who plan to continue their education. The parents felt that some colleges will be interested in granting scholarships to hockey players, based on renewed enthusiasm for the game in New England colleges.

The School Committee briefly considered the merits of the plan, but decided to receive reports from the principals and athletic director.

Transportation was posed as a real problem, on the grounds that private cars can not be used to carry teams, because of insurance problems. The Board members wondered whether a schedule that involved travel would, thus, pose a real financial problem.

The parents explained that informal scheduling might result in all the games being played at the Academy—but insisted that some

method could be worked out if some games took place out of town.

Zollner T Zoning C

At the specific request of the By-Law Committee, the By-Law Committee is "cheerfully" drawing its recommendation for industrial zoning articles from the warrant.

Chairman Robert Zollner, meeting of the Selectmen, Board and Industrial Commission reiterated his Committee's recommendations to the articles, and stated that the wording would have to be changed at a later date, for submission with the other town by-law.

He told the Selectmen that his recommendation would be drawn if specifically recommended by Chairman Eugene A. Bernier. Bernier promptly agreed that exactly what the Board of Selectmen said the Selectmen believe industrial zoning to be important to put over in the year.

Basically, the Revision Committee made its recommendation on the grounds that the words in the by-laws would require and Mr. Zollner listed a number of points he considered to be in the category.

In several cases, Planning Chairman Harold King pointed out that the words were intended to mean exactly what was said.

In explanation for the Revision Committee's surprise recommendation at the public hearing, Mr. Zollner said that changes should be made before the by-law is passed rather than bringing it up next year. He referred to law as a serious legal document and noted that questions concerning the meaning of sections.

Mr. King emphasized that the Planning Board is not to discuss the questioned items were understood exactly. Zollner had understood the law as no repetition of the fact by the Committee in making a recommendation. He referred to the Revision Committee as "adjunct" of the Planning Board and said there could be no deviation from procedure, under the Planning Board's policy in the planning area.

Industrial Zone
Later in the meeting, the men, IDC and Planning members discussed the plan for industrial zoning.

Selectman Russell Doy suggested that the areas be reconsidered at the hearing stipulation that a parallel Route 93 be constructed, this would provide the only access to the area. There were feelings about the idea, around the possible cost work to the industries who locate in the zone. The Board offered to consider for arriving at a decision on industrial proposals.

Chairman King called to the rules and regulations proposed for industrial areas that these offered residential protection than they now have the zoning. He said the various tracts, and the regulations been put in one article because it was impossible to cut up the zones logically, des-

Zollner To Withdraw Zoning Objections

At the specific request of the Selectmen, the By-Law Revision Committee is "cheerfully" withdrawing its recommendation that industrial zoning articles be withdrawn from the warrant.

Chairman Robert Zollner, at a meeting of the Selectmen, Planning Board and Industrial Commission, reiterated his Committee's objections to the articles, and stated that the wording would have to be clarified at a later date, for submission with the other town by-laws next year.

He told the Selectmen that the recommendation would be withdrawn if specifically requested, and Chairman Eugene A. Bernardin promptly agreed that this is exactly what the Board desired. Bernardin said the Selectmen believe industrial zoning to be too important to put over until next year.

Basically, the Revision Committee made its recommendation on the grounds that the wording of the by-laws would require change, and Mr. Zollner listed a number of points he considered to be in this category.

In several cases, Planning Board Chairman Harold King pointed out that the words were intentional, designed to mean exactly what they said.

In explanation for the Revision Committee's surprise recommendation at the public hearing on zoning, Mr. Zollner said it was felt that changes should be worked out before the by-law is adopted, rather than bringing it up again next year. He referred to the by-law as a serious legal document, and noted that questions could arise regarding the meaning of some sections.

Mr. King emphasized that, while the Planning Board is willing to discuss the questioned sections, many of the items were meant to be understood exactly as Mr. Zollner had understood them. He further requested that there be no repetition of the tactics used by the Committee in making its recommendation. He referred to the Revision Committee as an "adjunct" of the Planning Board, and said there could be no deviation from procedure, under which the Planning Board formulates all policy in the planning areas.

Industrial Zone
Later in the meeting, the Selectmen, IDC and Planning Board members discussed the proposals for industrial zoning.

Selectman Russell Doyle suggested that the areas be retained as considered at the hearing, with a stipulation that a parallel road to Route 93 be constructed, and that this would provide the only access to the area. There were varying feelings about the idea, centered around the possible cost of this work to the industries wishing to locate in the zone. The Planning Board offered to consider this, before arriving at a decision on the industrial proposals.

Chairman King called attention to the rules and regulations proposed for industrial areas, stating that these offered residents more protection than they now have under the zoning. He said the various districts, and the regulations, had been put in one article because it was impossible to cut up the existing zones logically, designating

them and providing different types of rules - without running the risk that some portion of the zone would be defeated, and thus leave some area entirely unzoned.

In further discussion, the Planning Board appeared to favor the proposed apartment districts off Morton st. and on North Main st. at the Golden Farm.

The shopping center district in Shawsheen probably will be put on a waiting list, with a study of the area and other main streets in the town to be undertaken during the year.

The Board also indicated that the small area, containing five houses at the intersection of Lowell st. and Route 93, should logically be in a zone other than residential.

Chairman King said the Board feels it should be zoned for shopping center use, as is the neighboring land. If the townspeople don't want it, he indicated, then it will not be brought up again. It was also agreed to have Town Counsel Fredric S. O'Brien report on the legality of access from the land, which has been questioned. Both pro and con statements have been made in this part of the discussion.

The Planning Board emphasized Monday night that it has not yet made final decisions on any of the articles, but will have its required report for town meeting consideration.

PTA Will Hear Campfire Girls

The monthly meeting of the Shawsheen School P.T.A. will be held Wednesday, March 8, in the school auditorium.

Regular classroom visitations will be held from 7:30 to 8 p.m., followed by the annual Bluebird and Camp Fire Girls' program.

Mrs. Irving Leoff is program chairman for the evening.

Fifth grade room mothers, Mrs. Henry Becker, Mrs. Thomas O'Leary, Mrs. Robert Henderson and Mrs. William Flaherty will be in charge of refreshments.

Surprise Party For George Brown

George B. Brown was pleasantly surprised Feb. 18 at the home of his daughter, Mrs. Allen Lelacheur of Red Spring rd., with a family party in honor of his 81st birthday.

A delicious buffet lunch and a beautiful birthday cake were enjoyed by the gathering.

Mr. Brown was born in Lawrence 81 years ago and presently makes

his home with his daughter, Mrs. Helen Pomeroy, 29 Main st. His three daughters, Etta, Helen, and Lillian; his son, Benjamin; two granddaughters, Joan Beaulieu and Judith Lelacheur and two great granddaughters, Carol and Debbie, helped to make his day a pleasant one.

Among those present were Mr. and Mrs. Thomas Chadwick, Mrs. Helen Pomeroy, Mr. and Mrs. Allen Lelacheur and daughter,

Judith, Benjamin Brown, Mr. and Mrs. Richard Beaulieu and daughters, Carol and Debbie, Mr. and Mrs. John Sullivan, Mr. and Mrs. William McDermitt and Mr. and Mrs. Samuel Forsythe.

HERE ARE THE FACTS Fluoridating The Public Water System

Whether we want to believe it or not, the quantity of Sodium Fluoride (Fluorides) injected or added to the water at the water pumping stations DOES NOT remain the same throughout the water system, therefore, DOES NOT accomplish its assumed purpose.

THERE ARE 3 MAJOR REASONS WHY:

No. 1. It is impossible to thoroughly mix the Fluorides with the water at the pumping station.

No. 2. Fluorides have an affinity for steel (metal) causing a fluoride fall out or drop out throughout the water system.

No. 3. The available fluoride throughout the entire water system varies from 1 P.P.M. at the pumping station to nil at the faucet, anywhere along the line, especially at the farthest end from the pumping station.

GUARANTEE

Will the proponents for Fluoridation guarantee that fluoridation at 1 P.P.M. WILL NOT HARM YOUR BODY... WILL REDUCE TOOTH DECAY... WILL NOT POLLUTE THE WATER... IS NOT CORROSIVE TO METAL, SUCH AS PLUMBING FIXTURES, Etc., as used in the home, factory equipment and/or water equipment used at the Municipal water pumping stations?

Employees Met With Krafve

During a meeting with 800-Raytheon employees at the Andover Junior High School Wednesday evening, Feb. 22, Richard E. Krafve, the firm's president, said: "We believe there's a future for Raytheon in Andover."

Krafve spoke for about 20 minutes on Raytheon's 1961 business outlook, and then opened the meeting up to questions from the floor. Also on the "firing line" was D.D. Coffin, Raytheon's Government Equipment and Systems Group vice president.

In answer to one question, Krafve told those present "we must assume a greater sense of urgency and self-discipline if we are to continue to grow and be a leader in

the increasingly competitive electronics field."

When commenting on the longevity of the U. S. Army Hawk program, Krafve said the Hawk has given a great boost to the entire company, and that he sees a long life for the system. "If we are to be in a position to fight limited wars - which daily gain more and more importance - we must have the capabilities that missiles such as the U. S. Army Hawk provide," he said.

The hour-long meeting wound up with both Krafve and Coffin assuring those present that the Andover Plant definitely fits into Raytheon's future plans.

The missile is now operational with U. S. Army troops and is also used by the Marine Corps. Five NATO nations, France, Italy, Belgium, Holland and Germany, have adopted the Hawk Missile System and will produce it in their countries.

Discussion Sessions On Town Warrant

The League of Women Voters will hold discussion meetings on the more important articles in the town warrant Tuesday and Thursday, March 7 and 9.

Mrs. Robert Sherman, chairman of the League Warrant Committee, Mrs. Donald Sagasser, Mrs. Herbert Lake, Miss Rebekah Taft and Mrs. Arthur Harper have attended several hearings on these articles; listened to the Planning Board's explanations, the Taxpayers Association's viewpoint, talked to the Finance Committee and the Town Manager and are prepared to give both sides to the questions.

The meetings will be held Tuesday at 9:45 a. m. at Cooley House, Phillips Academy and Tuesday at 7:45 p. m. at Mrs. Jack Kyger's, 5 Nutmeg Ln.; and Thursday, 9:45 a. m., at Mrs. Bernard Pasquale's, 147 Chestnut st., and 7:45 p. m., at Miss Rebekah Taft's, 232 Salem st. Believing that this is excellent preparation for town meeting, the league committee requests those attending to bring copies of the warrant as published in the Townsman.

DAR To Hear Tape Recording Of Tour

The next meeting of Priscilla Abbot Chapter, N.S.D.A.R., will be held at the home of Mrs. Arthur Reeves, 36 Maple ave., March 7, at 2 p. m.

This is a change from the yearly calendar date, because of the State Conference which will be held in Boston March 14 and 15. Members of the Chapter are asked to keep this in mind.

Miss Dorothy Kyle, one of the Andover school teachers, will present a tape recording of one of the Historical tours which the Chapter sponsors each year for the fifth grade pupils of the Andover schools. There also will be a "Weighing Party", a penny a pound be divided between two of the D. A.R. approved schools, Kate Duncan Smith school in Alabama, and Hillside School in Massachusetts. Both need new buildings.

The hostesses for this meeting are Mrs. Will G. Brown, Mrs. Myron Clark and Mrs. Wilson Knipe.

Sidney P. White above shows one of his prides - Wild Rose Deborah, a four-year-old. Deborah has just completed an all-time record high for any cow, regardless of age, ever raised at the Wild Rose Farm. This record is a daily average for the month of February, 1961: 117.1 pounds of milk PER DAY! This fantastic record reflects Wild Rose quality in animals and product.

All records described above are official and verified by the Holstein-Friesian Association of America.

The Wild Rose Farm has, over a period of 30 years, developed an outstanding herd of registered cows producing an exceptional quality of milk in volume. The excellence of this herd and its product are the result of a careful and patient breeding program aimed at the production of the finest milk possible for Andover homes. The blue-ribbon performance of these animals shows that we have attained our goals. For instance, one of our cows born in 1944 and four of her daughters, the youngest of which was a three-year-old, have produced thus far in their life-time to date, 501,699 pounds of milk...or 258 3/4 TONS!

CAPACITY CROWD - Andover's new Teen Center got off to a rousing start last Saturday night, with a capacity crowd. The night before, some 200 parents and friends attended an open house at the Grange building, which has been converted for the Center. Plans call for another dance Saturday night, from 7:30 to 11. Pictured here are Bill Harrison, Abby Jane Poore, Gail Grange, Donald Anderson and Disc Jockey Phil Christy, giving out recordings as prizes. (Scott)

Many Enjoyed Abbot Weekend

Mrs. Alexander Crane was hostess at the many events of Abbot Academy's senior promenade week

end Feb. 24, 25 and 26.

Friday evening young mengers from various prep schools and colleges arrived in time for a coffee hour, before the evening performance of the Brooks-Abbot play, "Caesar and Cleopatra" by George Bernard Shaw. Saturday noon, the seniors and their guests enjoyed a picnic at the Log Cabin in the Sanctuary, and then saw the Andover-Exeter hockey game, wrestling, or the prep school track meet at Phillips Academy. A formal dinner was followed by the dance in Davis Hall, with music by Marshard's orchestra. The singing groups, Abbot's "Erratics", entertained at dinner; the "Afterthoughts" and Phillips Academy's "Sour Grapes" and "8 'n 1" sang during the intermission. Davis Hall's striking Japanese decoration with gold and green pre-

dominant was dramatic in its simplicity. A huge golden dragon was suspended overhead, and there were many decorative white screens painted after the manner of the Japanese water colorists. Sunday, breakfast for the girls and their guests was followed by a service in the Abbot Chapel at 11 and at 12:30, the festivities over, the boys left for their schools.

YWCA Classes Begin March 9

Advance registration for spring classes in the YWCA Andover Program took place this morning at the last session of the winter term.

However, further registration will take place at the Bay State Bank in Andover Monday, March 6, from 10 to 12.

Education classes in the schedule include watercolors for beginners, under the direction of Mrs. Robert Hatton of Andover, and Mosaics, with Mrs. Claus Dengler as teacher, both at 9 a.m.; at 10:45, Mrs. Dengler will instruct a group in embroidery, Crewel or Swedish, and at 11, Mrs. Edith St. Jean will hold two sessions on how to prepare for dried arrangements. Beginning March 23, Miss Bessie P. Goldsmith will give six lectures on gardening for beginners.

The physical education classes will continue as previously scheduled, with badminton instruction at 9, Modern Dance at 9:45 and trim-nastics for physical fitness at 11. All these classes are under the direction of Miss Maureen Glancy.

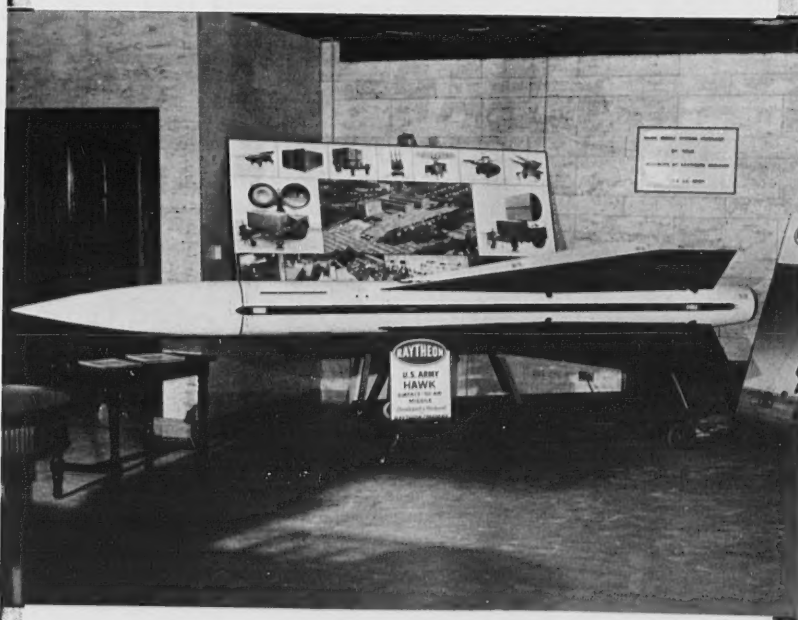

All classes in the spring schedule will start on Thursday, March 9, at the Youth Center on Brook St.

MEMBERSHIP CLASS AT UNITED CHURCH

Five students were enrolled in the initial session of the Rev. Hal-dean S. Lindsey's church membership instruction class Sunday morning. The students who complete this course will be accepted into the church membership on Palm Sunday during the morning worship service. Students attending are Bruce Spencer, Gary Norris, Clayton Smith, Colin Sherry and Janet Sherry.

HAWK Missile Produced For U. S. Army By Raytheon Now On Display At The BAY STATE MERCHANTS NATIONAL BANK

MAIN OFFICE 238 Essex St. Lawrence

Shown above is a HAWK Missile display that is currently on view at the Bay State Merchants National Bank in Lawrence (238 Essex Street). The 17-foot missile, an exact replica of those made at Raytheon's Andover Plant, for U. S. Army, is designed to defend against low-altitude attacks by high performance aircraft. It has successfully intercepted and destroyed the "Little John" and "Honest John" Free Flight Rockets and recently scored a direct hit on a "Corporal" ballastic missile. The public is invited to see the HAWK on display in the bank's lobby until March 15.

inant was dramatic in its simplicity. A huge golden dragon suspended overhead, and there were many decorative white screens painted after the manner of the Japanese water colorists. Day, breakfast for the girls and guests was followed by a service in the Abbot Chapel at 11:12:30, the festivities over, boys left for their schools.

YWCA Classes begin March 9

advance registration for spring classes in the YWCA Andover program took place this morning the last session of the winter term.

However, further registration take place at the Bay State Bank in Andover Monday, March 6, from 10 to 12.

Education classes in the schedule include watercolors for beginners, under the direction of Mrs. Robert of Andover, and Mosales, Mrs. Claus Dengler as teacher, both at 9 a.m.; at 10:45, Dengler will instruct a group in embroidery, Crewel or Swedish, at 11, Mrs. Edith St. Jean will give two sessions on how to prepare for dried arrangements.

Beginning March 23, Miss Bessie Goldsmith will give six lectures on gardening for beginners.

Physical education classes continue as previously scheduled with badminton instruction at modern Dance at 9:45 and trimmings for physical fitness at 11. These classes are under the direction of Miss Maureen Glancy.

Classes in the spring schedule will start on Thursday, March 9, at the Youth Center on Brook St.

MEMBERSHIP CLASS UNITED CHURCH

Students were enrolled in initial session of the Rev. Hal S. Lindsey's church membership instruction class Sunday morning. The students who completed this course will be accepted for church membership on Sunday during the morning worship service. Students attending are Bruce Spencer, Gary Nor-

Clayton Smith, Colin Sherry and Janet Sherry.

John P. Wyllie will open his new store in the Barnard block tomorrow morning at 7:30 o'clock. Miss Mary Carter of Salem street has been quite ill, is improving.

The house on Pine st. owned by Samuel Black has been leased to Robert Hutcheson, the local fish dealer.

The Haggerty farm at the corner of Main and Orchard sts. has been purchased by Miss Martha W. Clark of Brookline.

As usual on town meeting day the grocery stores will be closed. Monday from 12 to 5 o'clock give the clerks an opportunity to attend the meeting.

Miss Florence MacCready of Wesley College has been spending a few days at her home on Pittier st.

Damage amounting to \$5,000 was caused this noon when fire damaged the home of Mrs. W. J. Jackson on School st.

"Look what we did for Ourselves"

Both of us work. Both of us save. Every payday we make a deposit in our Lawrence Co-operative savings account. We've been doing that for five years. That's how we got this beautiful tri-level house.

The saving habit sure pays off. You get so much more for your money when you pay cash for big purchases. Time payments cost money — often plenty of money.

Save before you buy. That way you get interest instead of paying interest at rates of 10 to 20 per cent a year. The difference is substantial.

Doctors Urge Continued Fluoridation

The people of Andover voted to protect the dental health of their children in 1956. Certain groups are trying to block our existing practical public health program. It would be tragic to forfeit the benefits which have been gained and which will become more substantial as time passes.

Major scientific and medical organizations in the United States, including the American Medical Association, the United States Public Health Service, American Dental Association, American Academy of Pediatrics, American Society of Dentistry for Children, heartily endorse fluoridation.

We, the undersigned, who are directly concerned with your health and well-being, urge you to vote in favor of continuing the Board of Health's current program of fluoridation:

November Club To Hear Speakers

Donna Niles and Kay White of Wilmot Flat, N. H., will be the guest speakers at the next meeting of the November Club, Monday, March 6, at 3 p.m. Their subject is "Three Girls and a Taste of the Wild", a story of perseverance, humor, courage and pioneering.

Fifteen years ago, on Christmas Eve, these two ex-Wac officers moved into the one room hut they had built themselves in six weeks. In spite of the raging blizzard, light but candles, no running water, only a small oil-burning stove for heat, Donna Niles and Kay White were determined to spend Christmas at Freedom Acres, their new home in Wilmot Flat. Six years later they moved again to celebrate Christmas in their new four room, electrically-equipped house. They built this one too, from digging the foundation to installing the plumbing and the wiring. They have come a long way from those first days of discomfort and hardship, and strictly on a "do-it-yourself" basis. Now they have property, buildings, furniture, machinery and livestock, as well as a thriving business in home-made preserves.

The bakery sale for the benefit of the Art Scholarship Fund, sponsored by the Art Department, will follow the program. Tea will also be served at this time.

BABY SITTERS FOR TOWN MEETING

The League of Women Voters will provide baby sitting service from 1 to 5 p.m. during town meeting, Saturday, March 11, at the Central Elementary gym.

Girls from the Andover High School Service Club will conduct games for the children, show a film and otherwise help the youngsters to pass a pleasant afternoon. There will also be adult supervision.

All children between the ages of 4 and 9, whose parents wish to attend town meeting, are welcome. There will be no charge. Mrs. William McKeown, Voters Service chairman, is in charge of arrangements.

COURTEOUS CIRCLE MEETS MARCH 13

The first meeting of the Courtous Circle of The King's Daughters for 1961 will be held Monday evening, March 13, in Fellowship hall at South Church.

A covered dish supper will be served by the Council at 6 o'clock, and the business meeting will follow. Miss Alice Whitney has charge of the devotions and Mrs. Frank Hayes will present a travelogue.

Library closes at 1 p.m. for Town Meeting.

Open House

Sunday afternoon, March 5, the Memorial Hall Library will open its doors to all citizens of Andover, friends of the library and interested persons for the dedication of the new wing.

From 3:30 to 5:30 o'clock, the main reading room, new workroom, offices, and the expanded children's room will be on view. At 4 o'clock there will be a short dedication, with remarks by town officials.

For those who have come to look for an Open House at the library as a delightful opportunity to see the new publications there will be displays of new books in both adult and children's departments. Music lovers will find something to enjoy in the recently purchased recordings.

Visitors will find much of interest in the expanded areas for which they gave an affirmative vote at the Town Meeting in 1959. The room for children will seat twice as many as before; its shelves will make possible twice the number of books. The small section at the far west will be the favorite spot for the small reader.

On the main floor those who regret the cramped working space will find new work space, the library-

ian's office and the small audio-visual room have been beautifully placed in the area provided by the new wing.

Refreshments will be served; books may be reserved; friends will have an opportunity to visit leisurely.

A cordial invitation is extended to all.

Robins To Meet

The Robins group of Littlest Listeners will have their next meeting, March 8, at the usual hour in the new Children's room. There will be stories and activity games for the children; mothers will enjoy the newly opened expanded room with its bright windows and enlarged space for the children's program. All Littlest Listeners groups begin promptly at 10 o'clock and close at 10:45 a.m.

Children's Books

The boys and girls will not take books out during the remainder of this week while the library is changing over to its new quarters. Many of the young people have signed up to take part in the moving process and are forming brigades along the stairways from the temporary quarters on the top floor to the new shelves on the ground floor, passing the books in the correct order, a few at a time.

Parents are asked to be patient until the moving is completed, but anyone may return children's books to the adult desk during the

Free Training Course

A recent communication to librarians from the Great Books Foundation has asked that they help publicize a tuition-free training course for anyone in the community who would like to become a leader of a Great Books group. Membership depends on the availability of new discussion leaders every year for some areas; to train leaders the Great Books Foundation staff conducts leader training courses throughout this country and Canada. Courses may be six or 10 sessions. Trainees meet once a week for two hour sessions consisting of demonstration discussions, practice leading and critiques. The leader training course and training materials are free. There are no educational requirements and previous group experience is not crucial. This is an opportunity for anyone to learn

the art of questioning, more critical thinking and the pleasure of challenging others to defend their own statements.

A course is now being planned at Brookline Public Library for 10 sessions, beginning March 15, from 8-10 p.m.

For full details, call the Memorial Hall Library.

Escape the Web of "hidden costs"!

Why become more and more entangled in the costs of keeping up a worn out, inefficient heating system? Escape now... once and for all! Do what so many other wise New Englanders are doing... change to Clean Gas Heat!

You'll pay less for a Gas conversion burner than any other automatic heating burner... and it'll give you far more years of trouble-free, efficient service.

With Clean Gas Heat you get every heating advantage... cleanliness, speed, convenience, safety, quietness, storage-free dependability and an uncluttered basement... yet "NO HIDDEN COSTS"!

We can change your home

over to Clean Gas Heat with a Gas conversion burner in just 3 hours under normal conditions... and you won't have to pay for any Service Policy or for annual furnace cleaning. You'll have no more need for expensive fuel storage equipment. There'll be no heating dirt or film to boost your cleaning and redecorating bills.

Gas conversion burners start as low as \$1.16 a week. No down payment. Up to 5 years to pay. Don't wait for a breakdown... call now for a FREE SURVEY of how little it will cost to heat your home with Clean Gas Heat.

BEST TWO OUT OF THREE — Who will it be? Voters next Monday will decide which two of these three candidates for Selectman will be victorious. Left to right are James D. "Pete" Wilson, Philip K. Allen, both incumbents, and Sidney P. White, formerly a Board member. (Leone)

Miss Marion Sparks of Essex st. is enjoying a visit this week with her uncle and his family, Mr. and Mrs. Kerr Sparks of Stow, Vt.

ELECTION IS NEXT MONDAY

(Continued from Page One)

And in the School Committee contest, James J. O'Reilly is attempting to win a seat from either Dr. Milton J. Meyers or William A. Doherty.

All other elected officials are running without contest. They are Charles G. Hatch, moderator; Thomas P. Eldred, housing authority; Arthur W. Cole, Fred W. Doyle, Edmond E. Hammond, C. Carleton Kimball and Harry Sellars, Trustees of the Pundarch Free School. The latter are all candidates for re-election.

The only public demonstration in the election has been a series of candidates' nights, sponsored by the League of Women Voters. The last of these was held last evening in the Central School Auditorium.

Contrary to some previous years, there have been few reports of coffee hours and other gatherings for candidates.

The Board of Appeals has handed down three affirmative decisions. Salvatore DeSalvo of Lawrence gained approval on his request to build a house on an undersized lot on Princeton ave.

Fred E. Cheever was given approval for a lot containing several acres, but insufficient frontage on Stinson rd.

Charles W. West asked for and received permission to convert the ground floor of a barn on his property to a three-room apartment, with two-stall garage underneath, providing construction takes place within two years of the decision.

In all three cases, the decisions noted that undue hardships would result if the applications were turned down.

SPECIAL REGULATION GOVERNING THE SPEED OF MOTOR VEHICLES

STATE HIGHWAY, ROUTE 93, IN ANDOVER AND METHUEN

February 7, 1961

SPECIAL SPEED REGULATION

NO. 219

ANDOVER, METHUEN. Authority In Control: COMMONWEALTH OF MASSACHUSETTS, DEPARTMENT OF PUBLIC WORKS. Name of Highway: Interstate 93.

In accordance with the provisions of Section 18 of Chapter 90 of the General Laws (Ter. Ed.), as amended, and Section 2 of Chapter 564 of the Acts of 1948, the following Special Regulation is hereby made by the Department of Public Works and the Registrar of Motor Vehicles, acting jointly, and shall be effective immediately upon compliance with the applicable provisions of the above-cited Section 2.

The following designated speed limits are established at which motor vehicles may be operated in the areas indicated:

NORTHBOUND

Beginning in Andover at Station 0.0, thence northerly 0.38 miles at 50 miles per hour to the Methuen town line; thence northerly 3.12 miles at 60 miles per hour to the Massachusetts-New Hampshire State line; thence northerly 3.50 miles at 50 miles per hour to the Methuen town line.

SOUTHBOUND

Beginning in Methuen at the New Hampshire-Massachusetts State line, thence southerly 3.12 miles at 60 miles per hour to the Andover town line; thence southerly 0.11 miles at 60 miles per hour ending at Station 312.10; the total distance being 1.23 miles.

Operation of a motor vehicle at a speed in excess of these limits shall be prima facie evidence that such speed is greater than is reasonable and proper.

The provisions of this regulation shall not, however, abrogate in any way Section 14 of Chapter 90.

The Department of Public Works and the Registrar of Motor Vehicles, acting jointly, do hereby certify in writing that this regulation is consistent with public interest.

Standard signs must be erected at the beginning of each zone.

PROBATE COURT

Docket No. 29206

Essex, ss.
To DELPHIS B. BEAROR of Union residence.
A petition has been presented to said Court by your wife—GRACE HUTLEY BEAROR otherwise known as MARYhuman friends.
On the other hand, Spooky do so badly for an orphaned True, he started life off with a by falling from his high-up but fortunately for him he picked up before any harm came to him. When found, that ball of fluff was so newly hatched he still had his egg-tooth, and peck his way out of his shell into the world. A few more lying helpless beneath the plate and the saga of Spooky would have gotten underway.

But found he was and brought the Museum by Mrs. Philip Chase of Milton who's kept an intense long-distance eye on his progress ever since. Recently, when read of his approaching birthday Mrs. Chase sent a contribution to the Spooky Birthday Fund which by his friends who hope to have enough money to help finish his home in the Improved Andover Room. (Everyone who gives a birthday card being presented Spooky at his party. Contributions should be sent to Spooky, Museum of Science, Boston.)

In her accompanying letter, Mrs. Chase recalled the time Spooky escaped from a carrying bag, sailed over the Charles River Basin, landing on a slab of precariously close to the water edge. Stubbornly he held his ground until his best friend at Museum, Assistant Education Director Gilbert E. Merrill, summoned from a Boston lecture a few miles away. Once Spooky heard his pal's voice he flew ashore and perched on Merrill's feet.

This little anecdote is interesting because it shows that Spooky recognizes a friend. Indeed, Merrill says the owl can spot a well-known face in a crowd of 50 people - quite an accomplishment for a bird with a brain only as big as one of his eyes.

Now approaching his golden years, Spooky today seems contented with and adjusted to his Museum home, and shows signs of wanting another youngling. He takes to his daily museum demonstrations (thus far, 6,000 all) like an old showbusiness troupier; and he has performed superbly on dozens of local and national television shows.

When he's feeling particularly good, he adds a rousing showstopper to his act by turning his head almost all the way around more than 180 degrees in either direction. (Old wives tales notwithstanding, he can't swivel his neck around and around.)

Spooky may very well be the world's most traveling owl. Already he's covered more than 20,000 miles - including two trips by plane - to star in more than 700 lectures, and requests to book him at future events keep coming in to the Museum.

Small wonder then that almost any youngster, given his druthers, would choose to be Spooky the owl the most famous, most beloved, most traveled - most modest owl they ever did see.

Any Andover youngster born either March 12 or March 21, 1961, who wants to enjoy the birthday party should send his name, address and parents' permission to the Museum of Science.

Tax Rate Can Stay At \$26, But Costs Jump

Despite an unusually large recommendation for capital expenditures, the Finance Committee believes the tax rate can be maintained at \$26 for still another year.

In its report to the voters, the FinCom attributes the ability to maintain the rate to the use of free cash, which has increased considerably this year.

The town's financial watch dogs recommend total departmental appropriations of \$3,249,034.

Special articles total \$350,856.25.

Noting that many capital expenditures and major equipment purchases are involved, in both the budgets and articles, the Finance Committee points out that many will not occur again. Thus, the Committee feels it is better to undertake these purchases from free cash this year.

The town concluded the year with \$724,882 in the free cash account.

Of this, the Finance Committee believes \$100,000 should be used to reduce the tax rate; and another \$350,856 for special articles. The balance will be \$274,026 - an amount higher than the balance following last year's town meeting.

Although the report will be presented in greater detail in next week's issue, prior to town meeting, a quick look at the Finance Committee recommendations shows:

Departmental budgets: general government, \$141,899; protection of persons and property, \$424,685; health and sanitation, \$21,071; public works, \$462,763; charities, \$78,668; veterans services, \$41,989; schools, \$1,462,286; library, \$83,684; recreation, \$42,694; pensions and benefits, \$75,577; unclassified, \$49,230; cemetery, \$25,939; debt payment and interest, \$338,649.

Special articles recommended include:

Water improvements, \$61,000; engineering and water pipe, Route 495, \$10,000; new water shop, \$20,000; engineering survey for master plan, \$10,000; Haggett's Pond watershed, \$2,000; Chapter 90 construction, \$54,000; backhoe and loader, \$16,000; boundaries and lines on unaccepted streets, \$2,000; sewer, Lincoln st., \$14,500; acquisition of land, \$30,000; acquisition of land by Conservation Commission, \$1,500; fire engine, \$25,000; recreational survey at the high school, \$2,500; recreation facilities at High School, \$22,000; Lovejoy rd. school, \$31,781.25; Lovejoy rd sewer, \$48,000; and Civil War Centennial, \$575.

The Finance Committee notes that the appropriation for the new school will be added to balances in former school construction accounts, amounting to about \$38,000. Thus approximately

\$70,000 will be deducted from the proposed cost of the new building, leaving a flat \$900,000 to be bonded over 20 years.

Another controversial article - the recreational facilities at the High School - has been approved with certain restrictions. The Finance Committee recommends that the survey be completed prior to any construction under the article that calls for \$22,000 to be spent on facilities. The latter article is recommended, providing no funds be spent without the approval of the Selectmen and Finance Committee, in addition to the School Committee.

WE HAVE NO COMPLAINTS ABOUT THE SCHOOL SITUATION IN ANDOVER - WE LIKE IT!

The work of the School Committee, who freely give of their time, keeps our school system at its present high level.

Recently, the administration in the school system has been criticized, but we believe that no changes should be made which might jeopardize the progress already made. As parents, we want the best for our children, and are satisfied with what is being done. We need intelligent leadership in the field of education.

Dr. Meyers, Chairman of the School Committee, is an intelligent, unselfish and devoted servant of the community. No one, we believe, is better qualified than Dr. Meyers to carry on such leadership, and we heartily endorse his candidacy.
